

Solution Brief

Digital Receipts

A Modern Exit Flow, With Maximum Value

Simplify Receipts. Elevate the Experience.

The introduction of digital receipts into your parking operation offers a forward-thinking solution that aligns with the growing demand for ticketless, paperless experiences. Powered by Weezmo and integrated with the entire TIBA X60 series of PARCS devices, this innovation replaces outdated paper-based processes with a sleek, digital alternative that supports a cleaner, faster, and more engaging parking journey.

Speed Up Entry and Exit

Digital receipts reduce friction at the gate by eliminating the need for printed receipts. Parkers can scan a QR code or enter a phone number linked to their license plate — all in seconds. This flexibility enhances ADA compliance, speeds up lane flow, and provides a convenient, modern experience that today's drivers expect.

A Powerful New Marketing Tool

Digital Receipts provide a new channel for engagement. Each receipt is a touchpoint — branded, personalized, and capable of delivering tenant offers or property promotions. Email and SMS follow up campaigns can be created and analyzed to deliver the right incentives to the right parkers to encourage return visits.

Thank you for parking at our facility!
P Hope to see you again P

Why Digital Receipts Now?

- + The industry is **shifting rapidly towards ticketless** parking.
- + **Consumers expect mobile-first**, low-contact experiences.
- + It's a **cost-saving, waste-reducing** alternative that delivers **operational and marketing value**.
- + Each receipt becomes a **touchpoint to engage, reward, and retain parkers**.

Operator Benefits

- + **Streamlined Operations:** Say goodbye to ticket jams, printer maintenance and paper supply headaches.
- + **New Revenue Ops:** Use digital receipts to promote tenant offers and boost local engagement.
- + **Smarter Insights:** Track usage patterns, receipt views, and more.

Parker Benefits

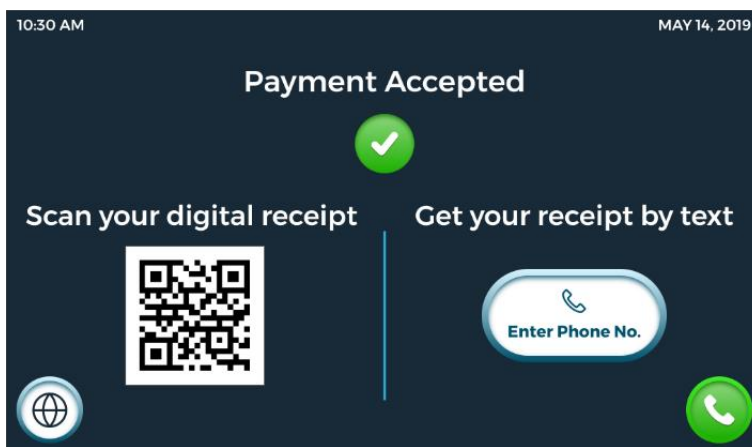

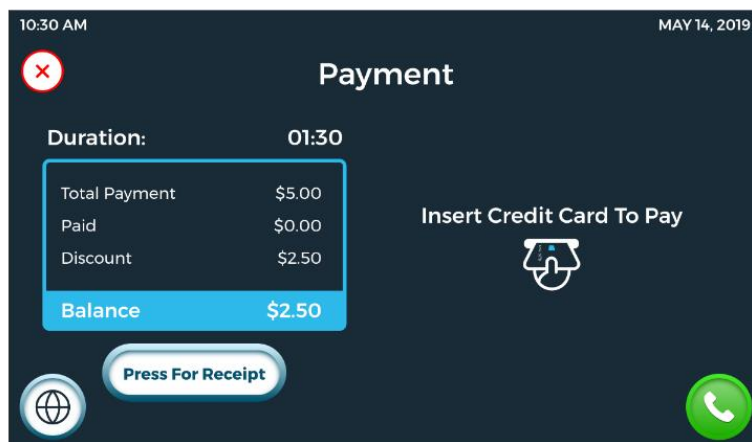

- + **Easy, Ticketless Parking:** No ticket to take, lose, or scan — just park and go.
- + **Faster Entry and Exit:** Integrated with LPR and digital payments for speed and convenience.
- + **Customer Communication:** Get receipts and special offers by text, email, or weblink.

How It Works:

Simplified Steps for Digital Receipts

1. Parker enters the **facility via LPR or mobile-based credential** — no ticket issued.
2. After parking and completing payment, the parker receives their digital receipt via:
 - **QR code** that appears on the screen to access a digital receipt
 - **Text message**, via a phone number provided
3. Frequent users can enter an **email address** on the digital receipt page to **enable automatic email receipts** matched via license plate.

All interactions and data are tied to the vehicle's license plate, enabling better analytics and repeat engagement.

Modernizing Parking
Assets Through Innovation

TIBA, a brand of FAAC Parking Solutions, offers innovative parking management systems, integrating advanced technology for seamless, efficient, and secure parking solutions tailored to diverse customer needs.
